The Red Hill Cottage and Café is located in the middle of Red Hill at the old home place of Ellie Mae and Festus Griffith. The old house was built sometime in the late 30's. Over the past year, we renovated the house and added another section for the retail store. It is family owned and operated by Myra & Jim and Debra & Tony with help from Joe, Cory and Ms. Frances.

The Red Hill Cottage features items such as the Big Green Egg grill and smoker. We actually use these grills to cook most of the meats served in the café. We also have a wide variety of home and garden items including fountains from Al's Garden Art, ornamental iron pieces, rustic furniture, bird-houses, concrete, & many more unique items. Come visit us and see what treasures you can discover!!

At the café we serve home-style dishes using many of our family and friends' favorite recipes. We make fresh homemade biscuits and cornbread daily. Our mother, Ms. Frances, also makes home-made banana pudding that is quickly becoming a local favorite. The delicious BBQ, smoked turkey, and other meats are cooked daily on the Big Green Egg grill.
